Susanne Pohlmann: Picture "Burning Horizon" (2025)

€11,800.00

This extraordinary painting, inspired by the recent events surrounding the Los Angeles fire, combines the raw, destructive power with the mesmerizing beauty and sensuality of the element of fire. Intense red and orange tones, interspersed with dark, smoky accents, create a captivating atmosphere full of energy and dynamism. The work is more than just a picture - it is an emotional experience. It draws the viewer into the untamed beauty of a flaming horizon and lets them feel the overwhelming connection to the elemental forces of nature. This artwork represents passion, strength and the profound wildness of our being. Ideal for collectors and art lovers looking for a statement piece that evokes powerful emotions and adds an aura of drama and grandeur to any room. Experience the magic of a moment that both captivates and inspires.
