Hans Otto Lohrengel:
Sculpture "Sculpture P1" (2018)

€4,200.00

The juxtaposition of harmonious and aggressive formal elements is the core message. Translated into the visual language, the round, wavy shapes symbolize harmony and strength, while the angular, angular shapes stand for aggression and weakness. Formal reduction, towards the simple, the essential and the meditative. Freed from the figurative support, the formal elements can unfold freely in space.
