Viktor Lau:
Picture "The temple" (2018)

€1,800.00

The paintings "Three Bridges", "To the Palace", "Shoals" and "The Temple" are a series of fantasy landscapes that represent a symbiosis of childhood memories from landscapes of Central Asia and Europe. The architectural elements of bridges, ruins and buildings are also a combination from these different cultures. The painting "The Temple" also represents the search for stability in uncertain foggy situations.
