

Ulla Kutter: Picture "Fun Fair 3" (2024)

€3,200.00

A scene at a funfair can be seen: A ride called TRAUMFAHRT and a stall with roasted almonds can be seen. What is special is the wonderful atmosphere of the picture. The colors of the clouds correspond with the bright fairground colors. The dark areas of the picture emphasize the warm yellow-orange areas. The people are relaxed and well captured in their everyday poses, such as the man taking a photo of his girlfriend with his smartphone. The result is an atmospheric, lively painting of modern realism. Ulla Kutter reproduces everything the fairground designers have to offer in terms of lights and decorations in her own way.
