

Ute Bivona: Picture "Love" (2024)

€4,500.00

In my artwork, I blend passionate reds with vibrant blues and pinks to create a world of intense emotion and impetuous movement. I use acrylic, pencil and oil pastel in an abstract expressionist style that captures the dynamism and energy of the moment. This picture is not only a visual experience, but an emotional wake-up call that brings a bold and powerful atmosphere to any space it adorns.
