

## Mirek Kuzniar: Picture "Winter by the lake" (2021)

€1,400.00

White winter landscape with snow-covered trees and a red wooden hut reflected in the icy lake water. In this oil painting, I have captured the raw, emotional power of expressionism to depict the tranquil splendor of a winter lake. The vivid palette knife strokes and bold color choices reflect the vibrant, yet calming energy that nature exudes at this time of year. This work is meant to invite viewers to feel the tranquility and reflection that such a place can offer. It is an ode to the quiet moments of nature. Oil painting on canvas in palette knife technique, signed on the front and back. Professional stretcher frame made in Germany from softwood. Canopied by hand. November 2021.
