

Ute Meyer: Picture "Catching the sun" (2017)

€2,100.00

This oil painting of a sunset mood was created from my photo sketches on the Danish Baltic Sea island of Aeroe. It looks as if the fly fisherman is catching the sun. The orange golden light of the setting sun is reflected on the sea. The sky is streaked with blue-violet cloud banks. The dark silhouette of the fly fisherman with landing net and line catch stands out against the bright water and lends the picture a meditative effect. A peaceful moment by the sea. The picture support consists of a hand-stretched, multi-primed canvas fitted with a steel wire. The edges are painted and the picture can be hung up directly. My signature is on the front.
