

## Regine Lange: Picture "Sibling love" (2024)

€1,390.00

Spending time together with your sister or brother, collecting small stones and shells by the sea or discovering other exciting things, enjoying the water and the fresh air... It's simply nice to go on vacation with the family or to get out at the weekend. This picture shows harmony and happiness combined with the colors of the sea. The canvas is painted on the edge and has an edge depth of approx. 4 cm and can therefore be hung without a frame.
