

Heike Schumann: Picture "Just be!" (2023)

€2,200.00

The work "Einfach sein!" was painted with high-quality acrylic paints and putty on a canvas, dated and signed by the artist. It is an original work of art! Heike Schumann was inspired to create this work during a modeling session in her studio on the Baltic Sea. Due to the three-dimensionality of the model, the approach is experimental and dynamic, making the large black and white picture look very lively and abstract.
