

Sabine Schramm:
Picture "Flowers blossoms "Apple blossoms" (work no. 220502)" (2022)

€1,400.00

The flowers in her garden mean a lot to the artist - especially hydrangeas, but also rhododendrons, irises and the first flowers and blossoms in spring - like these apple tree blossoms - are a constant source of inspiration for her paintings. Each work is created either directly in her garden or from her strong visual and emotional memories, and her associated impressions are as integral to the painting as the shapes, colors, and especially the light.
