

## Ralf Schmidt: Picture "Cleaning II" (2020)

€2,550.00

Inner and outer cleaning. A woman washes her clothes. She looks as if she has something to hide, as if she is surprised by the viewer. She has her travel bag and handbag with her and it doesn't look like she goes to the laundromat often. Something has happened. She is acting to free herself. This is the second version of the motif, as a close-up in portrait format.
