

Mirek Kuzniar: Picture "The cellist" (2024)

€2,820.00

A blonde woman with her eyes closed plays the cello. The musician feels every note of her musical instrument. An abstract background blends with the sad and lonely mood of the cello player. The feeling of the music is palpable in her face. I have captured the passion and energy of the music in my artwork. The expressive color palette and lively palette knife strokes reflect the dynamics and emotions conveyed by the cello playing. The combination of oil paints creates a powerful, almost dancing interplay of light and shadow that emphasizes the intensity of the musical performance. This painting brings a wave of inspiration and a touch of culture to any home. Oil painting on canvas in palette knife technique, signed on the front and back. Professional stretcher frame made in Germany from softwood. Covered by hand. April 2024.
