

Andrea Reichhart: Picture "NOVA series no9" (2024)

The NOVA series combines the beauty of nature-inspired colors with the simplicity of minimalism. The expressive and raw lines of black brushstrokes meet a soft color palette and bring a modern, elegant and understated look to any room. This artwork is painted with acrylic paints on high quality 300 g/m² watercolor paper with suitable dimensions for a DIN A1 frame (59x84cm). What makes the NOVA series so special: Each black line is drawn with a single brushstroke, creating a unique depth and character. The artist then combines the flowing, uneven lines with emerging raw shapes, carefully selecting a reduced and harmonious color palette. This artwork from the NOVA series is signed and dated on the reverse. Andrea Reichhart works with renowned galleries and exhibits throughout Europe, including in Barcelona, Madrid, Zurich and Monaco.
