

Toni Nohe: Picture "Life is beautiful" (2024)

€5,200.00

"Life is beautiful" from the series of the same name impresses with its generous size of 145 x 145 cm, which is rarely found on the market and makes a special accent in old buildings as well as in modern living spaces or offices. It fits perfectly behind a sofa or on prominent walls and is designed to impress with its size and presence without dominating the room. The bright red, orange and purple tones, combined with dynamic structures, create a powerful composition that conveys joie de vivre and energy. This work invites you to fountain the room with a feeling of lightness and positivity.
