

## Ute Meyer: Picture "Before the waves / four sanderlings" (2024)

€1,500.00

I observed these birds on the Baltic Sea beach on the Danish island of Ærø. I managed to film and photograph them. I was fascinated by the sandpipers, which were gracefully searching for food on the edge of the sea. The oil painting was created some time later in the studio. The brushstroke is powerful and expressive with an impasto application of paint. The three-dimensional structures of the waves capture the dynamic mood. I have rendered the light on the waves impressionistically. The edges of the canvas are painted. A steel cable serves as a suspension. My signature is on the front.
