

José Bifano: Picture "Alambrada" (2023)

€800.00

"Alambrada" is a captivating black and white image that displays a high-contrast, sharp, and precise portrayal of waves that resemble coiled wires in motion. The overlapping lines that form the complex and attractive structure of the image create a sense of vitality and force. This artwork invites the viewer to observe it attentively, delve into its intricate details, and uncover its own unique dynamics. This artwork was created using my own technique, which uses toilet paper as a support. In its creation, I used acrylic paints, glue, toilet paper, and water.
