

Ilona Schmidt: Picture "Mysterious Places III" (2023)

Work No. 3 from the series "Mysterious Places", these works tell of mysterious places. It invites the viewer to go on a journey of discovery and explore the mysteries of these places. The vivid colors and dynamic brushstrokes add intensity to the painting and create an enigmatic atmosphere. There are no clear clues or obvious paths, but rather a multitude of details and elements to discover. Each viewer can find their own interpretation of the mysterious places and discover their own story in it. Signed and Dated
