

Sabine Schramm: Picture "Berries (Plant no. 210405)" (2020)

€1,400.00

A realistic work of the artist ... The path from spring to summer does not lead past these fruits - seductive and tempting they lie seemingly just like that. Fresh, fruity and sensual ... The colorful mixture of exquisite, ripe fruits virtually challenges the viewer to reach out and enjoy a few of the juicy fruits.
